

The Elba Clipper

COFFEE COUNTY'S ONLY HOME-OWNED NEWSPAPER
ELBA, ALABAMA, THURSDAY, JUNE 7, 1956

NUMBER 1

About People And Things

BY C. B. McDOWELL

SEVERE HAIL STORM

Dave Johnson, mail carrier on Route 1, reports that the Chestnut Grove area was visited by a severe hailstorm Tuesday afternoon. Mr. Johnson said the hail covered an area about four square miles and his farm was in the middle of it. He said his cotton was cut off below the leaves on the stems and corn was shredded.

Mr. Johnson said it was the worst hailstorm he has seen in 50 years and it did lots of damage.

MOSQUITOES WORTHWHILE

823 Robert Newton writes from Formosa that the mosquitoes are pretty bad there. He said there are two sizes—the largest he ever saw and others that are smaller.

Robert said the big ones do not cause too much trouble, as they are too large to get through the screens or under the doors, and they don't bite as frequently as the little pests which go right through the screens, under the doors and bite at a terrific rate.

I pause here to inform Robert that when it comes to real giant mosquitoes, he ought to visit Miami Gardens, in the edge of the Everglades, where his mother, Mrs. Mary Newton, was born and reared until she was about three years of age.

When she was getting a start in life, Miami Gardens was a wilderness and we had a species of mosquito called a gallinipper which grows to be over an inch long.

Fortunately for the human and livestock residents of Miami Gardens, gallinippers were not very numerous and did not sting very frequently, but when they did, the sting was as severe as that of a wasp or hornet.

Miami Gardens also had untold multitudes of smaller mosquitoes of several varieties. On some mornings it was necessary to stir them with a broom in order to see the sun rise.

The last time I visited what used to be Miami Gardens, it had been transformed into a city of some 8,000 population, called by another name. I was told that the mosquitoes had been decimated and gallinippers were an unknown quantity.

FAREWELL SERMON

A large congregation heard Rev. Edwin T. Edgar deliver his farewell sermon as pastor of the Elba Methodist Church Sunday night.

During his three-year pastorate here he and Mrs. Edgar have made a multitude of friends, both within the church membership and the community, and it is with deep regret that Elba citizens have to lose this good family from our midst.

Under the genial, ever-smiling pastor's leadership, the church has shown a healthy growth in membership, spiritual interest, Christian fellowship and financial strength. Extensive improvements and additions have been made to the church building, Sunday school annex and parsonage.

He is an able preacher and unusually efficient leader. He was actively identified with the community's religious, educational, welfare and civic affairs. He will long be remembered by members of the Elba Tiger football and basketball teams for his untiring efforts extended in their behalf. He deserves no little credit for the widespread reputation the Tiger teams have achieved for clean play and outstanding sportsmanship during the past three years.

Among his numerous activities, Rev. Edgar has pinch hit for different members of the Elba High School faculty when it was necessary for them to be absent from their posts. He was also in charge of the Coffee County Ministerial Association's religious program broadcast on the Enterprise station.

Mrs. Edgar is the possessor of an unusual soprano voice and her vocal renditions have delighted numerous audiences. She also has been active in church, social, educational and welfare activities.

Rev. Edgar announced that, according to schedule, he and his family plan to vacate the local parsonage at noon Thursday, to make room for the new pastor, Rev. Clarence Hendricks and family.

JOIN AIR FORCE

Three Elbans were among the 29 men from the Tri-State area who enlisted thru the Dalton recruiting station last month for the Air Corps. They were sent to Lackland AFB, San Antonio, Texas. Local men were Richard S. Spurin, William H. Brooks and Ronald G. Smith.

Post Office Lot Sold To Andalusian for \$10,500 by Gov't.

Among the real estate transfers recorded recently in the Elba probate office was that of the U. S. Government to C. C. Wallace of Andalusian. The recorded consideration was \$10,500, which was high bid.

For the past two years, the lot located on the southeast corner of the square, has been utilized by Dorsey Bros. Chev. Inc. for a used car lot. The Elba probate office has not been informed as to future plans concerning the lot.

The federal government purchased the ground a good many years ago from the F. M. Garrett estate for the purpose of erecting a post office building. For reasons too numerous to enumerate, the project did not materialize.

Over a year ago the post office department entered into a contract with John Taylor for the building which he built and which is now occupied by the post office at the corner of Factory and Buford Streets.

This property was recently sold to the Dr. E. G. Bragg estate.

E. G. Bragg Estate Buys Taylor Block

Dupree Bragg announced last Friday that the E. G. Bragg estate had purchased the Elba post office and English drug block, including the post office building, from John Taylor.

This business property has a frontage of approximately 100 feet on Buford street and 50 feet on Buford.

In commenting on the transaction, Mr. Taylor said he is a country boy and it is hard for him to get used to city ways, so he is building a modern home on the old Taylor place where he was born. He said he hopes to enjoy the satisfaction of having plenty of room as he never did get to be crowded or cramped up.

Mr. Taylor retains his interest in the Taylor Warehouse business and block.

Black Widow Spider Bites Local Woman

Mrs. Collis Wise of Victoria is in a serious condition in the Enterprise hospital as the result of a bite by a Black Widow spider sustained Sunday morning at her home.

She was bitten about 6 o'clock in the morning and was not sure what had bitten her as she did not suffer much pain at the time. However, about three hours later her lower limbs became paralyzed and she said she ached all over her body.

Mr. Wise brought his wife to Elba where a doctor stated she had been bitten by a black widow spider. It was reported on Tuesday that she is paralyzed and in a serious condition.

Real Estate Transfers

J. H. Pierce and wife to Kinston Development Co.

J. D. Morrow and wife to J. A. Galtmore.

Johnnie Pearl Lewis and John K. Lewis to James F. Wilson.

Darwent Blue and wife to Sylvia Terrell.

U. S. of America to C. C. Wallace.

C. C. Wallace and wife to R. T. Brooks.

C. C. Wallace and wife to H. S. Motte.

Right-of-way deeds to Coffee County: M. A. DeVane and wife, Thelma McCollough and Lucille M. DeVane, L. C. McCollough and wife, J. S. Smith and wife, L. E. Hornsby and wife, Luther Morris, Ellie Lee Morris and Mae Morris, Mae Morris, Mrs. Bessie Braswell, W. M. Weatherford and wife, Mrs. R. A. Spurin and wife, Mrs. R. A. Spurin and husband to F. H. Murphree.

Mrs. Clemmie Whitehead to J. B. Richardson and wife.

B. L. Mills and wife to Willie Lee Jackson and wife.

Bonnie Thorn and wife to C. E. Meeks and wife.

First Cotton Blossom

Buck Kelley who lives on Rt. 4 near Dr. C. P. Hayes farm brought in the season's first cotton bloom Monday. Mr. Kelley said the planted the cotton was put into the lake when it was first opened. The baby alligator grew up and was sprayed enough and ferocious appearance to frighten many a lady fisherman.

kill the gator. The permit was granted, and Game Warden Ed. Win Cooper secured an army car from the army and slew the gator.

Mr. Prescott said the gator was put into the lake when it was first opened. The baby alligator grew up and was sprayed enough and ferocious appearance to frighten many a lady fisherman.

Farm News and Reports

Farmers Warned on Overplanting Cotton

Farmers who overplant their 1956 cotton allotment and do not dispose of the excess acreage after being notified will be liable for price support on all cotton produced on the farm, states Lester Gunter, chairman of the Coffee County ASC committee.

Mr. Gunter pointed out that cotton farmers with excess cotton acreage have 30 days after the date of the county committee's notice of excess cotton acreage in which to dispose of the excess acreage.

In addition, says Mr. Gunter, farmers who remain overplanted will be subject to a marketing quota penalty on each pound of excess cotton. The rate of penalty will be 50 percent of the June 15, 1956 parity price. In 1955 the penalty rate on excess cotton was 17.7c per pound.

SHOW STARTS AT 7 P. M.

Mammoth Outdoor "Power Pow-Wow" Set For Saturday Night by Redmon-Windham

A mammoth "under the lights" outdoor "Power Pow-Wow" will be held Saturday night, June 10, at the Elba fair grounds. The show will feature a variety of acts, including a circus, a band, and a variety of other entertainment.

"All farmers and those interested in farming, as well as those who use tractors and equipment for industrial work, are cordially invited to our Power Pow-Wow," Mrs. Windham said. "We have planned a gala evening of entertainment for the entire family. Something will be happening every minute, including movies, music, parades, demonstrations, refreshments, and surprises. Every one present will have a chance to win something by the time the show is over."

Time to Start Fall Crop Preparation

AUBURN—Preparation of land for the fall crop should be started now for best results. This consideration comes from the Auburn Extension Agronomist J. C. Jowers. He said fields needing fertilization should be fertilized by the end of the month. He also advised that the soil should be tested for nutrients.

Home Safety Should Be Stressed by Parents

Asking parents what they would take for their child's life, Mrs. Mitchell said, "I would take the responsibility of teaching my child to be safe. I would teach them to be careful of their surroundings and to follow the rules. I would teach them to be responsible for their own actions."

FARM LOANS

Don't get burdened with heavy short-term debts. If you need money for any agricultural purpose, let us give you a helping hand with an easy-to-pay, long-term loan. We will loan you the money you need, at a low rate of interest, and as long as you need to pay.

FRIENDLY AND COURTEOUS SERVICE

Eggs Need Extra Care During Summer

AUBURN—During hot weather, it's more important than ever to handle eggs in such a way as to preserve their quality. Cling a few of the ways in which eggs can be protected from heavy heat damage during the summer. Mr. Warren said, "Cooling, pre-moisturized cases are an excellent device for preserving egg quality. As he pointed out, 30 dozen eggs can lose a pound or weight in 24 hours if they are placed in hot, dry cases."

There are, of course, several points about preserving eggs that are pertinent at this time of year. Among these, the specialist listed the packing of eggs with the small, or pointed ends down. Since the small end is stronger, it doesn't crack as easily during transit. And eggs placed with large ends down are apt to be lowered in quality through the bursting or disintegrating of their air cells. Warren also said eggs must always be kept away from strong odors which they readily absorb.

FARM BRIEFS

Man's first efforts to domesticate the ancestors of modern

Tar Spots in Cotton

AUBURN—In a business as highly competitive as the textile industry, anything that hurts one part of the trade is sure to have bad effects on all other parts.

Garden Club to Meet In Auburn June 19-21

The 24th Annual Convention of the Garden Club of Alabama will be held in Auburn starting June 19. A three-day program of instruction, practice, business sessions, tours and entertainment is planned by Mrs. Ben Hoxey of Childersburg, president, and other Garden Club leaders. Some 300 avid gardeners are expected to attend the meeting. The club has 10,000 members in Alabama.

The Old Timer

"The time that you enjoy wasting—really isn't wasted!"

Use clean kitchen scissors dipped in hot water to cut marshmallows.

According to Jeremiah, farmers can go a long way toward solving this problem if they will take their cotton from the field in plain duck, plastic-coated, or plastic dot sacks that can't contaminate the fiber. He urged every Alabama grower to get rid of asphalt-treated sacks before the coming harvest season.

Buck Campbell Farm—Basin

This picture was identified as the farm belonging to Buck Campbell in Basin community. Mr. Campbell has a tree area.

It's usually necessary to mow millet rather often to keep the new, tender growth down where hogs can reach it.

Many dairymen find it pays to leave clover out of oats, ryegrass and wheat so that onions can be controlled with 2-4-D. Show dairy buyers should now be getting the kind of feed that will help to make them winners this fall.

SOLVE - A - CRIME

BY A. C. GORDON

You gaze thoughtfully down at the body of the well-known attorney, David Haddock, slumped over, head down, on the desk in his home study. You notice the immaculate, white, slender fingers spread out on the surface of the desk, and contrast sharply with the color of the orange peels which are piled position in back of the man, you bend over to look at the bullet hole in his right temple.

Then you straighten up and walk over to your left to the French doors where the dead man's business partner, George Faulkner, stands nervously, clasping and clasping his hands. "It's incredible!" exclaims the man, "Dave was such a vital sort of man... so full of life and the joy of living! And now he's dead... I just can't believe it!"

"Suppose you tell me just exactly what happened," you ask. "Well, I had called on Dave this evening. Some business matters we had to iron out. We had just finished our discussion and I had gotten up from my chair to get a glass of water while Dave was eating an orange. He had just peeled, when suddenly the shot rang out, glass tinkled, and Dave fell forward on his desk... dead! I rushed over, but he was gone... only the hole in the glass showing he had been here."

"Do you know of anyone who would have wanted to kill your partner?" you ask. "No special person. Dave was well liked by all our associates, and I had never heard of anyone who would have wanted to kill him. He was a very nice man, and I had never heard of anyone who would have wanted to kill him. He was a very nice man, and I had never heard of anyone who would have wanted to kill him."

Automobile DIXIE Insurance

The outstanding feature in Automobile Insurance today is "DIXIE'S School Teacher Policy." No other insurance company in the world offers so much protection for so little money.

DIXIE'S School Teacher Policy protects every member of your family or guests who may be riding with you. DIXIE'S School Teacher Policy further protects you against any injury your car may do to any person not riding with you, or to property damaged by your car.

DIXIE is not a Mutual, Reciprocal, or a Fraternal insurance company. It is a good, sound stock company with \$1,000,000.00 authorized capital and surplus. Southern owned and capably managed.

DIXIE'S School Teacher Policy Liability limits of \$5,000.00 per person, \$10,000.00 each accident plus \$25,000.00 Property Damage with \$500. Extended Medial Payments for only \$9.50 each six months. No Membership Fees, no policy fees and no other gimmicks to get your money. You buy and pay only for insurance with DIXIE.

The safety, the protection, the satisfaction and the service you get with DIXIE'S School Teacher Policy is worth many times the cost. The best Nation Wide Claim Service is guaranteed.

As good or better than the best and saves you more than all the rest. That's DIXIE'S School Teacher Policy. All Safe, Careful and Non-Drinkers are eligible. Dixie Auto Insurance Company, Home Office: Commercial National Bank Building, Anniston, Alabama.

HOW THE SOUTHERN COMPANY HELPS TO PROVIDE A HUNDRED MILLION DOLLARS A YEAR FOR SOUTHERN GROWTH

The Expanding South Has A Big Appetite for Electric Power ... The Driving Force Behind Its New Industrial Might

DURING the past eight years demands for electric power in the four-state area served by The Southern Company System have more than doubled. It takes many things to satisfy these huge requirements: steel and concrete for power plants and dams, great turbo-generators, transmission lines to take the power where it's needed—and money. The system operating companies in Alabama, Georgia, Florida and Mississippi will spend more than a billion dollars in the decade 1952 through 1961 on new power facilities.

The Southern Company helps to finance the construction programs of its operating companies, and at the same time strengthens their capital structures. Southern does this by selling shares of its common stock to the public and investing the proceeds, together with retained earnings, in the operating companies, thus, as the security analyst puts it, "building up their equities."

During the past eight years, for example, when the system carried out a \$607 million construction program, \$178 million of this amount was made available by The Southern Company. Southern increased its investment in Alabama Power Company by \$77 million, Georgia Power Company by \$76 million, in Gulf Power Company by \$12 million, and in Mississippi Power Company by \$13 million. Southern's additional investment in these companies helped to build power plants and lines and substations—but it did more than that. By raising the equity portion of their capital structures it created a more favorable market for their bonds and preferred stocks.

Today the total capitalization of the Southern System is in excess of \$800 million, more than double that at the beginning of operations in the fall of 1947. And while the capital structure has expanded, it has become stronger, for an important feature of its growth has been the rise in equity from 23% at the end of 1947 to 32% at the end of 1955.

The construction needs of the system operating companies are estimated at nearly three-quarters of a billion dollars for the 1956-1961 period. The Southern Company will continue its important part in financing electrical expansion so essential to the further growth of the South.

We are happy to have participated in the recent publication of this advertisement in national magazines and newspapers.

POLIO VACCINE AVAILABLE TO 20 YEAR OLDS

Every person from the age of six months to 20 years is now eligible to receive free polio shots from the County Health Dept. Dr. McLeod, health officer, announced this week. Because of the ample supply of vaccine, the age group eligible to receive the shots was extended. Expectant mothers are also eligible.

Those wanting to get the vaccine may come to the Health Department offices on Thursday of each week. Diphtheria shots are also available and should be given a child at the age of three months and booster every year until the child reaches school age. Even though the vaccine is almost 100 percent effective in preventing the disease, three cases were reported in Coffee County in 1955 among children who had not been vaccinated.

WEATHER

Elba and South Alabama have been experiencing the coldest weather ever recorded in June. On Sunday morning, the unprecedented low thermometer reading of 50 degrees was registered. The Montgomery weather station announced that its 49 degree reading was an all-time low record for June and was ten points lower than any recorded since June, 1907. The June cold wave in Elba has been accompanied by a dry northeast wind and has damaged growing crops to some extent. A warm rain is greatly needed.

DORSEY NEWS

Employees at Dorsey Trailers who will observe birthdays during the week June 5-11 are Ed Bryant, William Grady Hamilton, Roy L. Harrison, Mrs. Betty Sue Messick, William Joseph Colvin, Theod. Howell. Anniversaries are being observed by James Milford Ellis, William Otho Henderson, T. V. Moore, Owen Parker Jr., George W. Kelley.

MRS. J. D. WHITMAN

Society Editor

Mrs. George Houctt Hostess to Circle

The Idle Whittman Circle met Monday night with Mrs. George Houctt as hostess. Mrs. Louisa Ham Jr. presided over the business session and the devotional and prayer was by Mrs. Houctt.

The lesson was taken from the Bible. Mrs. Hendrix, Mrs. J. R. Harold Parker, Mrs. Louisa Ham, Mrs. J. D. Kendrick, Mrs. Stanley Prior and Mrs. Willard Martin.

At the conclusion of the program a dessert was served to the above and Mesdames Charles Sanders, Zelma Trammell, Ellie Brunson, and Bill Oggs.

Flowers to Be Put In Church by BWC

The BWC of the Baptist Church met Monday night with Mrs. Gussie Hutchison. An arrival they were invited into the dining room where a delicious evening meal was served. After the social hour Mrs. Cecil Prescott presided over the business meeting where it was decided to place flowers in the church on Sunday for the month of June. Mrs. Joe Jacobs gave the Royal Service program. The meeting was dismissed with a prayer by Mrs. Ezra Kelley.

Present were Mesdames Fulton Clark, Cecil Prescott, Oswell Dowling, J. D. Whitman, William Bullard, Corinne Engle, Frances Hutto, Ezra Kelley, Pauline Allen, E. M. Ward, Joe Jacobs, Colon Whitman and Misses Gladys Clark, June Ray Jones, Edwin Bozone and three visitors, Miss Gladys Skelton of Birmingham and Mrs. C. E. Dorsey.

Hutchison Circle Has Meeting Monday Eve

The Gussie Hutchison Circle met on Monday night with Mrs. Totaye Rhodes as hostess. Mrs. H. L. Larkins presided and the devotional and Royal Service program were given by Mrs. Billie McCollough. During the social hour the hostess served a dessert to Mesdames P. G. Mathis, Billie McCollough, H. B. Larkins, Grady Farris, Melvin Bozzer and Wiley Stanford.

Rudolph Bonneau and Mrs. Sadie Donahue of Ft. Benning, Ga. spent the weekend with Mrs. John Bonneau. Mrs. Bonneau and family with her guests attended the wedding of Harry Bonnett Jackson and Miss Nell Carpenter at the First Baptist Church in Opp Sunday afternoon. They were all guests of Mrs. Walter Jackson for Sunday dinner along with out-of-town members of the wedding party.

Mrs. Mangum Buchanan of Enterprise spent Saturday with her sister, Mrs. James English.

Mr. & Mrs. C. Y. Martin are spending some time in the home of their son and daughter-in-law, Mr. & Mrs. Fred Martin in Panama City while Mr. Martin is recovering from a foot infection.

Mr. & Mrs. John R. Crook and son Johnnie spent Sunday with his mother, Mrs. W. E. Crook, and his grandmother Mrs. Ida Young.

Mr. & Mrs. M. E. Maddox of Tampa, Fla. and Mr. & Mrs. E. R. Kelly spent last week on a tour of northern Mexico.

Mrs. Robert Marsh and children are spending some time with her parents, Dr. & Mrs. W. R. Marsh in Greenville, Tenn.

Mr. & Mrs. Levi Throver and family of Dothan visited relatives here last Sunday.

Mr. & Mrs. Flourney Whitman spent Saturday in Auburn where they attended the graduation exercises of the spring graduating class. Their son, Carlton, was graduated.

Miss Patricia Allred, who is an instructor in Chattanooga, Tenn., is spending the summer with her parents, Mr. & Mrs. C. O. Allred. Little Misses Susan and Libby Allred of Montgomery are also visiting in the Allred home with their grandparents.

Jack Owens is recovering from a recent operation at St. Margaret's hospital in Montgomery. His niece, Miss Eva Lunsford, is at his bedside. Mrs. Ora Lunsford, Miss Ruth Owens and Mrs. Robert McCall visited him Tuesday.

Mr. & Mrs. J. W. Parker spent last week in Mobile in the homes of their children, Mrs. Ollie D. Kennedy, James Parker and Wayne Parker.

Mr. & Mrs. W. G. Baggett and little daughter of Tallahassee spent last weekend with relatives here.

Firemen Called to Fight Woods Blaze

The Elba fire department responded to an alarm about 2 o'clock Saturday afternoon and made a run to a fire near the home of Mr. & Mrs. J. O. Nevils, across the canal in West Elba.

It was reported that sparks from burning shingles at the G & S lumber mill, fanned by a strong wind, ignited a grass and sage field and the flames spread to the swamp and woods at the back of the municipal airport.

The fire fighters found that the fire was inaccessible and their services were ineffective. The flames spread over a wide area but no buildings were burned.

FARRIS FAMILY REUNION HELD

The descendants of the late Mr. & Mrs. John J. Farris held their family reunion June 3 at the home of Miss Eunora Farris on Brantley Road.

Dinner was spread on tables in the back yard under the peach trees and consisted of a picnic dinner and barbecue.

During the afternoon a motion picture in color was shown of a previous reunion.

Present were Mr. & Mrs. Joe Hutchison, Mrs. I. A. Hutchison Jr., Mrs. Merrill Pope with Jane, Allen, Bill and John, Mrs. Joe Adams, Mike, and Pat all of Panama City.

Mr. & Mrs. E. L. Alford from Chipley, Mr. & Mrs. N. Kay Farris Jr. with Kay, Lynn, Dawn and Jon, G. H. Farris, Mrs. John J. Farris, Miss Margaret Ann Farris, all of Montgomery.

From Elba were Mr. & Mrs. J. D. Smith, Miss Eunora Farris, Mrs. Nora Lee Caudley, Mrs. W. C. Braswell, Mr. & Mrs. W. H. Bruce with Billy, Larry, Dennis and Barbara, Mr. & Mrs. F. H. Rainer Jr. with Nancy and Marilyn, Mr. & Mrs. F. A. Farris, Jimmy Farris and Misses Mary Charles Walker, Henri Ann Dorsey and Sandra Farris and Ensign John H. Farris of the U. S. Navy.

START AT POOL MONDAY—

Red Cross Senior Life Saving instructions will be taught to qualified youngsters 12 years old and up beginning Monday morning at 10 o'clock. Mrs. M. G. Patterson announced Tuesday.

Mrs. Patterson, whose husband is employed at Dorsey Trailers, last week completed a life-saving course in Atlanta given by the Red Cross. She said children taking the course will not be charged for it. A Red Cross instructor from Atlanta will come to Elba to give Mrs. Patterson's students their final tests. Upon passing this test, a student will receive a certificate.

The complete course will take from six to eight weeks. Mrs. Patterson stated. Instruction will be given for 90 minutes two times a week. Only expenditure

that will be necessary will be set up later. Mrs. Patterson said with a charge of \$2.50 for six lessons.

While in Atlanta Mrs. Patterson was in charge of teaching children. She did this type work for three years.

CEMETERY WORKING

There will be a cemetery working at Antioch Primitive Baptist Church on Thursday, June 14. Mrs. Harvey Loft announced.

NOTICE OF ADMINISTRATRIX SALE

Notice is hereby given that pursuant to decree of sale of the lands of which the late Mary Rose Grantham died seized and possessed, for the purpose of paying the debts of said decedent and a division of the balance of the proceeds among the heirs at law and next of kin of said decedent, which was made and entered by the Probate Court of Coffee County, Alabama, Elba Division, in a proceeding therein pending styled "In the matter of the estate of Mrs. Mary Rose Grantham, deceased", which said decree was dated on 5 May 1956, the undersigned administratrix will offer for sale at public outcry to the highest and best bidder for cash in front of the courthouse at Elba, Alabama, within legal hours of sale on Saturday, June 16, 1956, the following described real property located in Coffee County, Alabama, of which the said Mrs. Mary Rose Grantham, deceased, was seized and possessed at the time of her death, namely:

Southeast quarter of South-east quarter less 3 acres as follows: Beginning at the section line opposite the graveyard on the East side of the public road at Whitewater church and running along said section line East one acre deep, thence North 3 acres, thence West back to public road, thence South along the public road to starting point.

Also 15 acres on the East side of Southeast quarter of South-east quarter all in Section 22, Township 6, Range 20, containing in the aggregate 53 acres, more or less, all lying East of the Elba-Victoria paved public road.

This 7th day of May, 1956, Ella Mae Howell, as Administratrix of the Estate of Mrs. Mary Rose Grantham, deceased, May 24-31-June 7
